COVID-19 OPERATIONAL UPDATE

Overall

- With land transport as its core business, CDG is most affected by the lock-downs in the major cities where we operate
- Governments in various countries now formulating exit plans from lockdown period, social distancing will continue and recovery expected to be gradual
- The impact varies across the different businesses, depending on the operating model and the change in demand for commute

Segments

- **Public Transport Services** – deemed essential services in all geographies and scheduled services have continued to operate, although at reduced mileage / ridership; unscheduled services significantly impacted from lower tourism and school closures
 - Singapore – public bus and rail ridership down between 70%-75% during Circuit Breaker (“CB”) period
 - UK – public bus frequency reduced to weekend levels
 - Australia – services continue to operate but with some service changes

Segments (cont'd)

- **Taxi** – deemed essential services in all geographies, however with major cities on lockdown activity levels severely impacted
 - Singapore – various COVID-19 relief schemes extended to drivers totaling \$116m, call centre volumes and cabby daily average earnings have decreased
 - China – rental relief borne by operators imposed by local governments
 - UK – call centre volumes significantly down
- **Ancillary services** – although mostly deemed essential services and so remained open during lockdown periods to a certain extent, there were severe knock-on effects from impact to public transport and taxis
 - Engineering services – reduced vehicle maintenance services with fewer cars on the road
 - Inspection and testing services – impacted as LTA deferred inspection of private cars during CB period
 - Driving centres, advertising – China and Singapore centres temporarily closed during lockdown periods

COVID-19 Update

Government assistance

- Governments have introduced a series of measures aimed at preserving jobs and livelihoods, as well as stabilising businesses
- Eligibility and the level of assistance will depend on how badly the sector or business is hit
- Employee Support Schemes where Governments co-fund part of local employees salaries implemented
 - Singapore – Jobs Support Scheme and foreign worker levy waivers granted to all Singapore companies
 - UK – Jobs Retention Scheme granted for furloughed employees only
 - Australia – JobKeeper scheme granted for furloughed employees only
 - China – partial waiver of social insurance payments granted in various provinces
- Business Support Schemes mostly targeted at smaller enterprises
 - Singapore – waiver of P-to-P licence fees and un-hired taxi cost reliefs granted by LTA, tax deferments/rebates and rental waivers also granted by the Government
 - UK – fuel subsidies and support for concessionary travels outside of London
 - Australia – measures targeted at smaller enterprises which CDG does not qualify for
 - China – VAT for taxi companies waived for certain periods

Responses and measures taken by CDG

- Various measures implemented in close coordination with respective transport authorities
 - Enhanced cleaning measures and stock up of PPE
 - Disinfecting stations set up for taxis across major cities and temperature screening implemented
- We are actively pursuing initiatives to mitigate the business impacts
 - ComfortDelivery App launched to support cabbies with additional jobs during CB period
- Senior management and Directors have taken voluntary cuts in pay and fees respectively

Way forward

- CDG will continue to watch and respond to the evolving COVID-19 crisis
- As and where necessary, we will work with the authorities to decisively intervene and prevent any outbreak at our workplaces and facilities
- Our top priority is the safety and well-being of our staff, the commuters and our customers
